### **Carrefour Group has signed an agreement regarding the disposal of its activities in Slovakia**

Carrefour Group has signed an agreement with the companies ICS and ECM Group NV regarding the disposal of its hypermarkets located in Slovakia.

Following the refusal of the Slovak Competition Authorities on 29 December 2006 to authorise the disposal of its four hypermarkets to Tesco, Carrefour Group had started a process to find a purchaser in the country for Carrefour Slovakia.

The 4 hypermarkets will continue to be operated under the Carrefour banner, under a franchise agreement.

This transaction remains subject to the relevant competition authorities.
