

Success of a 750 million euros 8-year Sustainability-Linked Bond

Carrefour today successfully placed a Sustainability-Linked bond issue, for a total amount of €750 million. It is indexed to two objectives linked to the reduction in greenhouse gas emissions within the framework of the Group's Euro Medium Term Note (EMTN) programme, one related to Scope 1 and 2, the other one to Scope 3.

The main features are:

- Amount: 750 million euros
- Issuer : Carrefour SA
- Maturity and payment: November 2031
- Format: Fixed rate, bullet repayment
- Coupon: 4.375% per annum

This issue was 3 times oversubscribed, demonstrating once again the great confidence of the financial community in the quality of the Carrefour signature. This enabled a rapid placement at favorable conditions.

The 750 million euros raised will be allocated to the financing of the Group's general corporate purposes as well as to the refinancing of its debt.

The bond will benefit from a "BBB" rating from Standard & Poor's.
